

Environmental Accreditation Summary Report

CLIENT:

Mugello Circuit SPA
Senni 15, 50038 Scarperio & San Piero, Italy

Chief Executive Officer & General Manager: Mr. Paolo Poli

DATE OF AUDIT: 16 April 2015

AUDITOR: Even Wiger

ACCREDITATION LEVEL: Achievement of Excellence

SUMMARY:

Mugello Circuit SPA in Italy has demonstrated through their previously achieved accreditations that their commitment to environmental sustainable operations is at the highest level and meets the requirements of the FIA Institute Environmental Certification Framework. The application form shows that all areas are well documented and covered by the implemented EMS.

The Mugello Circuit SPA has valid certificates for the following accreditations:

- BS OHSAS 18001:2007 - Health and Safety Management.
Reg no 8081-1 / Expiry date: 04.12.2016
- EMAS – Environmental Management.
Reg no IT – 001479 / Expiry date: 23.11.2015
- ISO 14001:2004 – Environmental Management.
Reg no 8081 – E / Expiry date: 15.11.2015

The auditor confirms that the certificates are sufficient evidence of having attained the relevant standards and it is therefore recommended that the client should be evaluated as a “fast track client”.

Furthermore, these certificates confirm the overall and impressive commitment from the Mugello Circuit management, and the auditor recommends that Mugello Circuit should achieve the top level of FIA Institute Environmental Accreditation, Achievement of Excellence without any further evidence of performance.

Next audit: April 2017
